

Maximize your investment in Microsoft Office Visio

You and your company have invested many, many hours and significant resources in Microsoft Office Visio. Whether your initial use of Visio goes back to Visio 4.0 or is as current as Visio 2007, you need to be able to create the Data Rich, Visually Clear and Appealing Visio diagrams that ensure that you and your business are successful and profitable.

Your company needs Visio Champions; Gurus that they can turn to, to get the answers to the issues and challenges they face working every day with Visio.

Let Visibility.biz Visio Guru training make YOU that Guru!

Enabling ***YOU*** to be the “go to” resource for Visio knowledge in your business

Pricing

The Visio Guru Training is being offered at the very affordable price of US \$800.00 per student for the full 2-day curriculum. A special discount of US \$500.00 per student is available to any company that signs up 5 or more students for any one course session.

What You Will Receive

Each student receives a course binder with all student handouts and reference material, a student CD/DVD with electronic copies of all course materials, presentation slides, Visio SDK's, Student Exercises and Solutions, Sample diagrams and data files, additional utilities, and more...

Visualizing your Business

Microsoft Office Visio Guru Training

The Microsoft Office Visio Guru Training is targeted at experienced Visio Users who desire an in-depth understanding of Visio features and functionality. The Guru training assumes that you are comfortable in creating, editing, managing, and publishing Visio diagrams, and have a strong desire to take that next step in becoming the master of Visio knowledge in your organization.

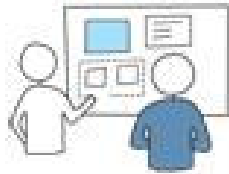

Tel: 425-290-2204

Visio Guru Training

Visio Guru Training is a fast paced, intense two-day training course designed to arm you with the information and skills you need to be the successful resource that your organization

can count on. You will be able to provide the answers to their Visio questions and show them how to overcome any Visio challenges

Master your Visio Environment

that they may be encountering in their daily use of Visio. You will learn how to create Visio Templates to provide automated start-up formats for the diagrams that YOUR organization needs. You will learn how to manage a Visio diagramming environment including where and how to store and access Stencils of Visio SmartShape symbols. You will learn how to structure Visio Diagrams, including Layering, using Background Pages, working with Hyperlinks and leveraging Visio's powerful Inheritance model. You will also learn how to master Visio Data Connectivity to assist others in creating powerful data-driven visualizations.
